

## ***Meet the Speaker***

### **Judy Mikovits, PhD**

Dr Mikovits earned a BA in Chemistry from University of Virginia in 1980 and a PhD in Biochemistry and Molecular Biology from George Washington University in 1992.

In her forty-year quest to understand the causes, prevent and treat chronic diseases, she has co-authored

seminal papers culminating at least a decade of research in each of four fields: immunology, natural products chemistry, epigenetics, and HIV/AIDs drug development. Dr Mikovits has co-authored more than 50 peer reviewed publications and book chapters; holds patent # WO 2012061790A1 for natural product combination therapies in prostate cancer and co-authored the books: *Plague*, New York Times Bestseller *Plague of Corruption* and *The Case Against the Masks*. Dr Mikovits currently focuses not only on education but on providing solutions for prevention and treatment of autoimmune/auto-inflammatory diseases resulting from viral infection, drugs and environmental toxins. Her heart and passion is to focus on natural products chemistry and plant based drug therapies. Its current focus is on medical cannabis with breakthroughs in understanding of the pathophysiology of neuroimmune diseases as acquired endocannabinoid immune dysfunction (AEIDS).
